## Executive Profile

Visionary **AI Orchestrator** and tech entrepreneur with over 40 years of engineering excellence, including **35+ years dedicated to specialized Healthcare IT systems** enterprise ecosystems, mastering RAG, agentic workflows, and LLM orchestration within highly regulated medical environments. Specialized in designing **AI-native** enterprise ecosystems, mastering RAG (Retrieval-Augmented Generation), agentic workflows, and LLM orchestration. Renowned **Corporate Trainer** for high-end technologies including **OpenText** and **Microsoft** solutions, bridging C-level strategy with deep technical execution to drive innovation.

**AI Engineering Philosophy:** *I symbiotically integrate classical software engineering with Generative AI. I design AI as a core architectural component to create reliable, secure, and GDPR-compliant systems.*

## Strategic AI & Software Projects

### Canonity

**AI Tech Lead:** Advanced *AI-native* platform for sequential prompt orchestration. Translates complex business logic into automated workflows via intelligent agents.

### Flussu (Open Source)

**Architect:** AI-powered *workflow-driven* platform. Manages the entire data lifecycle: ingestion, entity graph construction, and LLM orchestration.

### u-prompt

**Lead Architect:** *AI prompt executor marketplace*. A prompt-as-a-service platform designed to protect intellectual property and ensure *GDPR-first* compliance.

### MeRis

**AI Diagnostic Support:** Innovative system for digital health data aggregation and transmission. Utilizes predictive analysis and AI for advanced diagnostic support (patent pending).

## Professional Experience

### AI & RAG Trainer (Elite Education)

December 2025 – May 2026

[Fondazione Luigi Clerici](#)

- Senior trainer delivering practical training on advanced AI applications and **industrial-grade RAG systems** for professional contexts.

### AI Tech Lead & CTO

June 2025 – Present

[Ita\\_ia SRL](#) · Parma (PR)

- Technical direction of **AI-native** products (Canonity, u-prompt), coordinating development from prompt architecture to supervised LLM validation.

## AI & Training

### STRATEGIC EXPERTISE

- Healthcare IT Authority:** 35+ years of experience in hospital-grade systems, clinical workflows, and medical data security.
- AI Orchestration:** Agentic architectures and complex RAG systems.
- Tech Leadership:** Guiding R&D teams for AI-native products.
- Corporate Training:** Expert in **OpenText**, AI, and Microsoft Official Courses.

### KEY ASSETS

- OpenText Trainer:** Professional corporate certification specialist.
- Canonity:** AI workflow orchestration.
- u-prompt:** Secure Prompt Marketplace.

### CERTIFICATIONS

- MCSO (Microsoft, 2001)
- MCP (Microsoft, 1999)
- CNE (Novell, 1994)
- Project Leading (KAESER, 2004)

### LANGUAGES

- Italian:** Native
- English:** Fluent

Avalon Projects

- Provided specialized, high-level professional training on **OpenText** platforms and advanced document management systems for corporate clients.

CEO & CTO (AI Innovation)

June 2023 – Present

Medigenium SRL · Palermo

- Led R&D strategy for **MeRis**, an AI-driven healthcare platform solving critical digital diagnostic challenges .

Founder & CTO (AI-Augmented Engineering)

September 2017 – Present

Mille Isole SRL · Palermo

- Pioneered **AI-augmented development** methodologies, utilizing LLMs for codebase optimization and refactoring .

Board Member & Co-Administrator

September 2012 – Present

Villa Margherita SRL · Palermo

- Strategic oversight, governance, and risk management for a private healthcare facility .

## Education & Background

- **1983:** High School Diploma (Licenza Liceale) - Grade: 60/60 .
- **University of Palermo:** Partial Studies in Electronic and Computer Engineering . Pivoted focus to professional software engineering and independent AI research.

## Technical AI & Training Skills

### AI Ecosystem

- RAG & LLM Orchestration
- Agentic Workflows (LangChain)
- OpenAI, Anthropic, Google, DeepSeek, Grok, Kimi, Hugging Face Hub, [...]
- Vector Databases (Pinecone)

### Cloud & Infrastructure

- **Cloud-Native & Serverless**
- Edge Computing
- Multi-Cloud & Hybrid Strategy
- GitHub & CI/CD Pipelines
- Infrastructure as Code (IaC)

### Languages & Data

- C#, Python, Java, PHP
- TypeScript / Node.js
- MongoDB, Redis
- SQL (PostgreSQL, SQL Server, Oracle)

### Training Expertise

- OpenText Solutions
- Microsoft Official Courses (MOC)
- AI & Prompt Engineering

## Thought Leadership & Patents

- **Author:** "How to Ask Questions to Artificial Intelligence" manual (May 2025).
- **Speaker:** Microsoft Professional Conference (AI & .NET Focus).
- **Patents:** **MeRis** (AI Healthcare, 2023 ) and **DocuBox** (Document Mgmt, 2012 ) .
- **Founder:** Founding member of UGIdotNET (Italian .NET User Group) (2004 ) .
